American Motel Hotel Brokers has partnered with Novo Energy Services (NES) to **SAVE YOUR BUSINESS MONEY!**

AMERICAN MOTEL HOTEL BROKERS is pleased to announce a strategic partnership with **NOVO ENERGY SERVICES (NES)** to help our motel, hotel and resort clients significantly lower their energy cost. Saving 10% to 30% on your energy bill can greatly improve your bottom line and the overall value of your property.

To that end, our partnership with NES, a National Energy Consultancy, promises to be a tremendous benefit to many of our clients who want to lower their energy and gas costs.

To explore how much you could save, **simply send us an email** with your name and telephone number to LOWERMONEYENERGYBILL@AMHBNETWORK.COM.

HOW IT ALL WORKS

Once we receive your email, **Angela Souder**, our professional and trusted specialist at NES will contact you to discuss your potential savings by conducting a “cost analysis” breakdown of your entire energy portfolio. This is a **NO-COST analysis** for your hotel. In this analysis, NES will review your current energy bill, then let you know how much you could save. No opportunity is too big or too small. **We are here to save you Money.**

Due to current Government regulations, this opportunity for tremendous savings on your Energy Cost is currently only available to hotels located in: California, Connecticut, Delaware, Illinois, Maine, Maryland, Massachusetts, Michigan, New Hampshire, New Jersey, New York, Ohio, Oregon, Pennsylvania, Rhode Island, Texas, Virginia and Washington, DC. As new States become available, the list will be updated on the AMHB Website at www.amhbnetwork.com.
